55.) This officer presented the above facts to Assistant Middlesex County Prosecutor Peter Nastasi on June 6th, 2018. Assistant Prosecutor Nastasi then gave this officer permission to present this affidavit to a Superior Court Judge.

56.) With the facts presented above I am requesting a search warrant for the person of Joshua Pardo. Mr. Pardo's date of birth is November 7th, [REDACTED] and his social security number is [REDACTED] 6647. Mr. Pardo has an SBI number of 478454D and an FBI number of 83222HC7. 57.) I am also requesting a search warrant for the vehicle described as a black colored Toyota Highlander bearing New Jersey Registration number [REDACTED]. An NCIC inquiry of that registration revealed that the registered owner is Joshua Pardo. The vehicle is described as a black SUV type 2017 Toyota Highlander with Vehicle Identification Number 5TDBZRFH7HS472947.

58.) I am also requesting a search warrant for the vehicle described as a beige colored Honda Accord bearing New Jersey Registration number [REDACTED]. An NCIC inquiry of that registration revealed that the registered owner is Joshua Pardo. The vehicle is described as a beige four-door 2005 Honda Accord with Vehicle Identification Number 1HGCM56435A101125.

59.) I am also requesting a search warrant for the premises of 124 Adamecs Way South Amboy, NJ 08879 to include the entire premises including all rooms, basements, attics, crawl spaces, storage sheds, garages, safes, lock boxes, and all areas of concealment located therein.

Surveillance has put both of Mr. Pardo's vehicles at this address.

60.) 124 Adamecs Way South Amboy, NJ can be described as an apartment complex with multiple apartments. There are spaces for vehicles underneath the building and doors with numbers affixed next to it to identify the apartments. There are several balconies visible with a white railing above the parking spaces. The outside of the apartment is a light peachy color made with stucco material and there are multiple windows with white frames. Additionally, there is light colored vinyl siding on parts of the apartment building. The door of 124 Adamecs Way South Amboy, NJ 08879 is a reddish color and has the number 124 affixed to the left side of it. 61.) The search is for a controlled dangerous substance, namely Cocaine, which in possession is a violation of New Jersey Statutes 2C:35-10a(1) and 2C:35-5 for the possession of a controlled dangerous substance with the intent to distribute. This is also for all book, ledgers, papers, scales, monies, paraphernalia, cell phones, computers, devices, and weapons which may be utilized in violation of the above listed statutes. And for all papers and/or documents pertaining to the ownership, occupancy, or possession of the subject premise.

62.) Through my training and experience during narcotic investigations with other agencies, I have learned and observed that often times individuals that are involved in the use and distribution of controlled dangerous substances will conceal and confine the distribution of controlled dangerous substances to a small area within the residence or property and will hide larger quantities of controlled dangerous substances throughout the residence and property to include the exterior area of the property to avoid detection by police. The controlled dangerous substance is typically packaged in a manner that allows the distributor the opportunity to hide

and conceal it anywhere within or around the structure where the distribution takes place. During investigations conducted by the Woodbridge Police Department Special Investigations Unit during the execution of search warrants, we have found controlled dangerous substances hidden and secreted, but not limited to, other family members' rooms and other individuals with whom the suspect cohabitates. Controlled dangerous substances have been located throughout other rooms within a residence to include other bedrooms, kitchens, bathrooms, and common living areas. During the execution of search warrants for controlled dangerous substances, controlled dangerous substances have been found in closets, basements, ceilings, sheds, garages, crawl spaces, laundry rooms, toolboxes, lock boxes, safes, porches, exterior porches, motor vehicles parked on the property, including backyards and front yards. 65.) Based on the circumstances, these warrants are needed to gather evidence regarding the possession and distribution of controlled dangerous substances, specifically Cocaine.

66.) In the event that that any evidence is found and seized it shall be brought before this court together with such relief that the court may deem proper.
